## 1. Introduction

NSAB works in partnership to ensure people in the county are safeguarded from harm, and can live their lives independently and free from abuse and neglect. Effective communication is crucial to ensure that all partners carry out their safeguarding functions effectively. This strategy outlines how NSAB will work to promote safeguarding through the use of communication to both professionals and the public and engage with service users within the county of Northamptonshire.

NSAB's Strategic Plan sets out the Board's vision, objectives, priorities and themes. This Communication and Engagement Strategy 2023-2026 will deliver against [the Strategic Plan](#).

## 2. NSAB's Vision

*'Working together to keep people safe'*

To make this vision a reality, everyone needs to work together as a partnership involving the person at risk, their families and/or carers. This message will be communicated in everything we do.
